### **DETAILED ACTION**

The Examiner acknowledges the amendments submitted X. The amendment to claim 1 is accepted.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claim 10 directed to Group II, non-elected without traverse on 2/21/2006. **Accordingly, claim 10 has been cancelled.**

### ***Allowable Subject Matter***

Claims 1-5, 7, 8, 9, 12, and 13 are allowed.

Claim 9 is allowed as previously indicated in the Non-Final Office Action of 9/12/2008.

The following is an examiner's statement of reasons for allowance:

In regard to independent claim 1

The closest prior art taught by Filoramo et al. (US 6,433,647) teaches a switch circuit comprising a first and second switch portion that comprises a transmit and isolation channel with a plurality of connected transistors comprising the first and second portions (see figure 3). However, Filorama et al. fail to teach the particular transistor structure as claimed in claim 1, particularly, wherein the collectors of the first transistors of the first circuit portion are directly coupled, the collectors of the first transistors of the second portion are directly coupled, and each third transistor of the first circuit portion is coupled at its base directly to a base of a corresponding third transistor of the second circuit portion, and to a control voltage source.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
